Karolinska Hematology Seminar XV
Rånäs slott
September 7–8 2017

2017 Karolinska Hematology Seminar is arranged for the fifteenth time.

The seminar is a two-day meeting with the aim of offering State of the Art lectures by internationally leading experts on selected hematological areas.

The lectures are followed by interesting discussions and exchanges of experience between participants and lecturers.

Welcome!

Magnus Björkholm
Hematology, Karolinska University Hospital Solna
